

# Zita

Onze bank Zita heeft de zachte, afgeronde vormen die veelgevraagd zijn op dit moment. Een echte allemansvriend dus. De zichtbare stiknaden die schuin weglopen vanaf de armleuning naar de rug van de bank, in combinatie met de stalen poten in een opvallend design dragen bij aan de toegankelijkheid van deze bank. Met de verschillende modules kun je zowel een rechte, een hoek of een loungebank samenstellen. Ook deze bank wordt met oog voor detail, handgemaakt in onze fabriek in Oss.
